1. Introduction

The goal of this collaboration is to design & develop an upgraded system “**Institute of Pharmacy (Brahma Valley) Website & Admin Panel.**” Presently, it’s a challenge to generate a system with current requirements. But with our experience in developing and maintaining technology solutions for both enterprise and start-up business clients, we have experience and a proven track record to meet organizational needs.

2. Scope of Work

We are going to develop the Website & Admin panel.

3. Front End Website
